About Dover Park Hospice

Dover Park Hospice was founded in 1992 as a secular, non-profit organisation to meet the growing need in Singapore for hospice care for terminally-ill patients. It was Singapore's first purpose-built hospice, designed to provide a serene environment close to nature. Dover Park Hospice was started by volunteers, and today, they continue to play an integral role in all aspects of hospice work, from patient care to social activities and administrative support.

Open to everyone regardless of age, race, religion or income level, Dover Park Hospice is dedicated to meeting the unique physiological, emotional and spiritual needs of those who are nearing the end of life's journey.

The goal is to comfort the dying, enhance their quality of living, and support the grieving with compassion and dignity.

At Dover Park Hospice, Every Moment Matters. Since opening its doors to the first patient in 1995, we have provided compassionate care and comfort to more than 30,000 patients with life-limiting illnesses and their families. To cover the operating expenditure, Dover Park Hospice relies heavily on fundraising activities and kind donations from generous well-wishers and corporations.
